

## Ritual of Cleansing

The ritual consists of four parts.

You will need four vessels. You will need to describe a circle such that four may stand comfortably within. Fill the vessels to stand representation to the four natural elements of the lunar phases. Thus one should stand empty while one full. The vessel bearers should stand within the circle.

There shall be four speakers for each of the elements, they should stand in proximity but outside the circle. Water shall be the full vessel and full moon, it shall be the last to be called upon. Air shall be the waxing vessel and the first to be called upon. Cast an appropriate spell to each of the four vessels in turn, then close the circle.

Each speaker should intone the following litany. Be loud, clear and commanding.

□□□□□□□□□□ *As the moon waxes and wanes, as do the tides.*

□□□□□□□□□□ *So we are of the Elements, so must they return.*
