Offers

We now offer **50 free points** for each new player that you introduce. You can give this to any character you choose.

Monster Benefits

Anybody can [monster](#) any one of our live action role playing events by either booking through the Heroquest website or by contacting HQ admin at organisers@heroquest-larp.co.uk .

- Monstering an event is free of charge.
- There is only a cost for food if you want to take advantage of our optional [catering service](#). We are just in the process of updating the website, and the catering page is yet to be done - until then, just email organisers@heroquest-larp.co.uk to confirm catering availability and pricing

There are many benefits to monstering, not least of which is to be part of a friendly team and help shape events by playing a NPC within the overall campaign.

You may monster all or part of our larp events. We (and the players) appreciate you spending even a few hours monstering - more monsters on an event helps to enhance everybody's experience. To help us plan events, please make it clear at the time of booking how long you expect to be monstering a particular event.

Rewards for Monstering

In return for monstering an event, you may choose to gain one of the following benefits;

- Points
- Gests
- Resurrection Credits

that you may allocate to a character of your choice, according to the table below.

Character Points

10 character points are awarded per section meaning even if you can only attend part of an event there is a simple way to work out how many points you will earn.

Resurrection Credits

Resurrection points may be exchanged to return a lost resurrection chance to one of your existing Heroquest Larp characters (it's your choice as to whom). Please note though that no character can exceed 4 resurrection chances at any one time using these means.

4 Resurrection Points will grant you 1 Resurrection Chance.
